

PRESENTATION OF AUTHORS

Atko Heinsalu, Senior Research Fellow and Director at the Institute of Geology, Tallinn University of Technology

Main areas of research are paleolimnology, diatom analysis, Quaternary geology and history of the Baltic Sea.

5 Ehitajate tee St., 19086 Tallinn, Estonia; heinsalu@gi.ee

Kristiina Johanson, Research Fellow at the Institute of History and Archaeology, University of Tartu

Main areas of research are secondary use of prehistoric artefacts, identifying magical behaviour in archaeological material, Late Neolithic and Early Bronze Age settlement in Estonia.

2 Jakobi St., 51014 Tartu, Estonia; kristiina.johanson@ut.ee

Tõnno Jonuks, Senior Research Fellow at the Estonian Literary Museum

Main areas of research are the theory of the archaeology of religion, religions in different periods of Estonian prehistory, and archaeology of holy places.

42 Vanemuise St., 51003 Tartu, Estonia; tonno@folklore.ee

Kristel Kivi, Teacher at World Communications, E. Cavencia 225, LIMA28, San Isidro, Lima

Research interests are household archaeology and archaeology of rural settlements in the mediaeval and early modern periods.

kristel_kivi@yahoo.co.uk

Marge Konsa, Doctoral Student at the Institute of History and Archaeology, University of Tartu

Main areas of research are archaeology of death and burial, and settlement archaeology.

2 Jakobi St., 51014 Tartu, Estonia; marge.konsa@ut.ee

Margot Laneman, Research Fellow at the Institute of History and Archaeology, University of Tartu

Main areas of research are connected with Bronze Age burial customs.

2 Jakobi St., 51014 Tartu, Estonia; margot.laneman@ut.ee

Valter Lang, Professor of Archaeology at the Institute of History and Archaeology, University of Tartu

Main areas of research are the Bronze and Iron Ages in Estonia, settlement and landscape archaeology, the history of agriculture and land use systems, and social structures of prehistoric society.

2 Jakobi St., 51014 Tartu, Estonia; valter.lang@ut.ee

Heidi Luik, Senior Research Fellow at the Institute of History, Tallinn University

Main areas of research are the bone and antler artefacts and the development of boneworking technology in prehistoric period and Middle Ages.

6 Rütli St., 10130 Tallinn, Estonia; heidi.luik@tlu.ee

Ain Mäesalu, Lecturer in Archaeology at the Institute of History and Archaeology, University of Tartu

Main research fields are prehistoric and mediaeval hill forts, mediaeval Tartu, prehistoric and mediaeval weapons.

2 Jakobi St., 51014 Tartu, Estonia; ain.maesalu@ut.ee

Liina Maldre, Research Fellow at the Institute of History, Tallinn University

Main area of research is the history of domestic animals.

6 Rütli St., 10130 Tallinn, Estonia; liina.maldre@ai.ee

Andres Tvauri, Senior Research Fellow at the Institute of History and Archaeology, University of Tartu

Main areas of research are the Late Iron, Middle and Early Modern Ages in Estonia, artefact studies and industrial archaeology.

2 Jakobi St., 51014 Tartu, Estonia; andres.tvauri@ut.ee

Süim Veski, Senior Research Fellow at the Institute of Geology, Tallinn University of Technology

Main areas of research are Quaternary palaeoecology, vegetation history, prehistoric human impact upon landscape as revealed from lake and bog sediments.

5 Ehitajate tee St., 19086 Tallinn, Estonia; veski@gi.ee
